Nadine Eberl

successfully completed

Introduction to Entrepreneurship

the Entrepreneurship Introduction course offered by the Munich University of Applied Sciences (MUAS) and the Strascheg Center for Entrepreneurship (SCE).

Validate your certificate by visiting this link: https://mycourse.app/QgL3XfekPkQSixVg8

The certificate proves that the learner has successfully passed the final exam and completed all learning units to acquire relevant knowledge in Entrepreneurship. The Entrepreneurship Introduction course contains eleven modules including topics such as: Entrepreneurial Personality, Spotting Opportunities, Design Thinking, Prototyping and Entrepreneurial Resilience. All certified learners are familiar with the subject-related terminology, state-of-the-art innovation processes and how to spot and exploit business opportunities.

Franziska Mattner
Learning Designer & Educator
